Hi Chris-

Our district office didn't have anyone to spare for the meeting, but it would be great if you could pass along any briefing materials that were distributed.

Thanks,

I'll check with our district office to make sure they're aware and let you know if they are able to send anyone. Is Dave the best contact on this project in case we have any specific questions in the meantime?

Thanks,

Ian

Will anyone from the Congressman's office attend on Thursday? – this would be a great opportunity to get a full-on update on the project.

If not, I will send you the presentations and other materials when they are available.
